together with all lakes, streams, roads, easements, and rights-of-way which traverse or adjoin said lands owned or claimed by Lessor, or which may hereinafter be established to be owned by Lessor, and also in addition to the above described lands and rights, any and all strips or parcels of land other than those constituting regular governmental subdivisions, adjoining or contiguous to the above described land owned or claimed by Lessor, all of the above described lands being hereinafter referred to as (the "Premises") and containing 3.81 acres, more or less.

1. It is agreed that this Lease shall remain in full force for a term of three (3) years from this date ("Primary Term") and as long thereafter as oil or gas of whatsoever volume, nature or kind is produced from the Premises or on acreage pooled or unitized therewith, or Operations are continued as hereinafter provided. If, at the expiration of the Primary Term, oil or gas is not being produced from the Premises or on acreage pooled or unitized therewith but Lessee is then engaged in drilling, completion, reworking, dewatering, or other operations conducted in an effort to establish, resume or re-establish production of oil and gas, (collectively "Operations") thereon, then this Lease shall continue in force so long as such operations are being continuously prosecuted. Operations shall be considered to be continuously prosecuted if not more than one hundred eighty (180) days shall elapse between the completion or abandonment of one well and the beginning of operations for the drilling of a subsequent well. If after discovery of oil or gas on the Premises or on acreage pooled or unitized therewith, the production thereof should cease from any cause after the primary term, this Lease shall not terminate if Lessee commences additional Operations within one hundred eighty (180) days from date of cessation of production or from date of completion of a dry hole. If oil or gas shall be discovered and produced as a result of such operations at or after the expiration of the Primary Term, this Lease shall continue in force so long as oil or gas is produced from the Premises or on acreage pooled or unitized therewith. If at the expiration of this Lease, Lessee has in use surface or subsurface easements granted to Lessee pursuant to the terms hereof, such easements shall survive the termination of this Lease for as long thereafter as so utilized by Lessee.

2. This is a PAID-UP LEASE. In consideration of the payment made herewith, Lessor agrees that Lessee shall not be obligated, except as otherwise provided herein, to commence or continue any operations during the Primary Term. Lessee may at any time or times during or after the Primary Term surrender this Lease as to all or any portion of the Premises and as to any strata or stratum, by delivering to Lessor or by filing for record a release or releases, and be relieved of all obligations thereafter accruing as to the acreage surrendered.

3. The royalties to be paid by Lessee are: (a) on oil and other liquid hydrocarbons, eighteen and one half percent (18.5 %) of that produced and saved from said land, the same to be delivered at the wells, or to the credit of Lessor into the pipeline to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefore prevailing for the field where produced on the date of purchase; (b) on gas and the constituents thereof produced from said land and sold or used off the premises or in the manufacture of products therefrom, the market value at the well of percent (18.5 %) of the product sold or used. On product sold at the well, the royalty shall be eighteen and one half percent (18.5 %) of the net proceeds realized from such sale. All royalties paid on gas sold or used off the Premises or in the manufacture of products therefrom will be paid after deducting from such royalty Lessor's proportionate amount of all post-production costs, including but not limited to gross production and severance taxes, gathering and transportation costs from the wellhead to the point of sale, treating, compression, and processing. On product sold at the well, the royalty shall be eighteen and one half percent (18.5 %) of the net proceeds realized from such sale, after deducting from such royalty Lessor's proportionate amount of all of the above post-production costs and expenses, if any.

4. Where gas from a well capable of producing gas (or from a well in which dewatering operations have commenced), is not sold or used after the expiration of the Primary Term, for the purposes of the Lease such well shall be considered to be producing gas, and the well shall nevertheless be considered to be producing gas for the purposes of this Lease, and Lessee shall pay or tender as royalty to Lessor at the address set forth above One Dollar (\$1.00) per year per net mineral acre, such payment or tender to be made on or before the anniversary date of this Lease next ensuing after the expiration of one hundred twenty (120) days from the date such well is shut in or dewatering operations are commenced and thereafter on or before the anniversary date of this Lease during the period such well is shut in or dewatering operations are being conducted.

5. If Lessor owns a lesser interest in the Premises than the entire and undivided fee simple estate therein, then the royalties (including any shut-in gas royalty) herein provided for shall be paid to Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.

6. Lessee shall have the right to use, free of cost, gas, and oil produced on the Premises for Lessee's operations thereon, except water from the wells of Lessor.

7. Lessee shall bury Lessee's pipeline below plow depth.

8. Lessee shall pay for damages caused by Lessee's operations on the Premises.

9. Lessee shall have the right at any time to remove all machinery and fixtures (including casing) Lessee has placed on the Premises.

10. The rights of the Lessor and Lessee hereunder may be assigned in whole or part. No change in ownership of Lessor's interest (by assignment or otherwise) shall be binding on Lessee until Lessee has been furnished with notice, consisting of certified copies of all recorded instruments or documents and other information necessary to establish a complete chain of record title from Lessor, and then only with respect to payments thereafter made. No other kind of notice, whether actual or constructive, shall be binding on Lessee. No present or future division of Lessor's ownership as to different portions or parcels of the Premises shall operate to enlarge the obligations or diminish the rights of Lessee, and all Lessee's operations may be conducted without regard to any such division. If all or any part of this Lease is assigned, no leasehold owner shall be liable for any act or omission of any other leasehold owner.

11. Lessee, at its option, is hereby given the right and power at any time and from time to time as a recurring right, either before or after production, as to all or any part of the Premises and as to any one or more of the formations thereunder, to pool or unitize the leasehold estate and the mineral estate covered by this Lease with other land, lease or leases in the immediate vicinity for the production of oil and gas, or separately for the production of either, when in Lessee's judgment it is necessary or advisable to do so, and irrespective of whether authority similar to this exists
