Windsor Parks, Recreation & Culture Department 2019 Tree Sale Information

The Windsor Tree Board is pleased to offer our reduced cost Tree Sale again this year. This project is part of an ongoing effort to beautify the Town of Windsor with trees to help clean our air, shade our streets and sidewalks, reduce energy consumption, and add beauty. Trees absorb pollutants and protect homes from harsh temperatures and rough winds. They control soil erosion and storm water while improving property values. Year-round, trees can make life in our town healthier, more beautiful, and more comfortable.

Tree Information:

Air Pot Container trees will be sold for \$65 each. Trees will be approx. 5' – 10' tall and 1" – 1 ¼" in diameter. The tree species being offered are listed on the next page. You may purchase up to three (3) trees, provided you meet the planting and spacing requirements as well as the residency requirements. Proof of residency in Windsor may be provided by a copy of your water bill or proof of payment of Windsor property taxes. **The deadline for orders is Wednesday, April 17, 2019.**

How to order:

1. Make your selection of tree(s) from the attached list of available trees.
2. Fill out the enclosed 2019 Tree Request Form.
Please note: There will only be a limited number of each species. Requests will be granted in the order in which they are received. **The deadline for orders is Wednesday, April 17, 2019.**
3. Fill out the landscape permit and please keep the duplicate form intact for submittal.
4. Drop off or mail in your request form, landscape permit, proof of residency and payment to: Windsor Community Recreation Center; 250 N. 11th Street, Windsor, CO 80550
5. Please make all checks payable to: **Town of Windsor**
6. **Pick up your tree(s) on Saturday, April 20th between 10:00am and 12:00 pm at: 190 N. 8th Street, Windsor, CO 80550**

Planting and spacing requirement:

- Trees must be planted immediately after pickup.
- Please see plant list for required spacing requirements for specific trees.
- For public safety along the street: Trees need to be 10ft. from driveways, alleys and fire hydrants; 40ft. from a corner intersection; 20ft. from a streetlight or stop sign; 5ft. from buried power lines and 10ft. from water and sewer lines.
