

WINDSOR MATTERS

FROM MAYOR RENNEMEYER'S DESK

Mayor Paul Rennemeyer
prennemeyer@windsorgov.com

Valued Windsor Residents,

Town of Windsor officials are excited that summer is here. Our Open Space & Trails Division recently opened a new hard and soft path trail at the Kyger Reservoir and our restaurants began opening to dine-in services at the start of the month. As you know, Windsor is following guidelines set forth by the state and CDC. We want to encourage all residents to make choices that are compassionate to our neighbors because we don't know who may or may not be struggling physically, financially or emotionally.

Regarding public outdoor spaces, we ask that residents avoid congregating in groups of ten or more and continue to maintain a physical distance of six feet until the state deems it unnecessary. Please consider wearing a mask, even if it's to provide comfort to others.

Regarding dining in restaurants, we hope that most, if not all, can take advantage of provisions that allow dine-in options and expanded outdoor patio seating. While they cannot operate at 100% of their dine-in capacity, it's better than not allowing it at all.

Because this is a trying time for small business owners, we really need everyone's help and support to reopen safely. In order to allow this, we ask that residents be prepared to follow the CDC's physical distancing guidelines. If everyone follows the same safety guidelines—if everyone can be a responsible patron—our local businesses can continue to operate while protecting their workforce, their customers and our community.

Last but not least, thank you to our valued residents, for your patience and for the courtesy shown to our business owners during this pandemic.

Sincerely,

Paul Rennemeyer
Mayor of Windsor

KYGER TRAIL
CHECK OUT
WINDSOR'S NEWEST
OPEN SPACE!

The town of Windsor, in partnership with Larimer County Department of Natural Resources, opened the Kyger Open Space Trail to the public on Friday, May 29. The new trail is located at Kyger Open Space which is located between State

Highway 392 and County Road 32C (Jacoby Road), west of Colorado Boulevard.

The new trail is over a one-mile loop of paved and soft trail around the Kyger Reservoir and provides access to passive trail use, wildlife views, and scenic landscape vistas. Reservoir access is not permitted at this time.

Out of a \$2 million Great Outdoors Colorado (GOCO)

Connect Initiative grant that was given to fill three trail gaps of the Poudre River Regional Trail from Fort Collins to Windsor, \$400,000 went to the construction of the Kyger Open Space. Kyger is the first portion to be constructed with additional segments to be completed by Larimer County, Timnath and Fort Collins in the next two to three years.

RESTAURANT PATRON CHECKLIST

TIPS FOR HAVING A SAFE & ENJOYABLE RESTAURANT EXPERIENCE

- Patrons experiencing flu-like symptoms (cough or fever) should not attempt to enter a restaurant.
- Practice the 6 foot physical distancing rule.
- Wandering around the restaurant, including standing and sitting at the bar is not permitted.
- Restaurant patrons must be seated at a table and each group must be 8 people or less.
- Allow space between you and other customers in common areas.
- Restaurants may not exceed 50% of allowable capacity for indoor dining, or 50 patrons, whichever is fewer.
- If you notice sanitation/washing stations at the entrance then disinfect your hands upon entering the building.
- Wash your hands after using the restroom and do not touch unnecessary surfaces.
- Some establishments might not allow cash transactions, so be prepared to pay with a card.

SATURDAYS • 9AM-1PM

JUNE 20-SEPTEMBER 1*

Excluding Saturday, July 4.

From our market to your table, the Windsor Farmers Market is back for 2020, offering locally-sourced produce and goods. Enjoy various food vendors from around the area! For more information on safety guidelines, visit recreationliveshere.com/FarmersMarket.

USE ONLY WHAT YOU NEED

REDUCE YOUR USE TO LOWER YOUR MONTHLY WATER BILL

Here are some ways to use outdoor water more efficiently:

- Water grass, trees and shrubs early in the morning or late at night so water can absorb into the ground instead of evaporating.
- Consider replacing water-hungry plants with drought resistant landscaping. Xeriscaping is a great way to reduce water use.
- Check faucets and sprinklers for leaks and fix them if needed.

If you are unable to pay your bill, contact Customer Service at 970-674-2400 to discuss arrangements.
